

COMPUTER SOCIETY OF INDIA
Bangalore Chapter (CSI-BC)
and
Consortium of Electronic Industries of Karnataka

Jointly present
Two day Workshop
on

Electronic System Design and Manufacturing (ESDM)

The workshop is sponsored by GOK-ITBT.

Department of IT, BT and S & T, Govt. of Karnataka

INTRODUCTION :

India is a recognized global player in Software and Hardware sector. With excellent growth potential in the ESDM (Electronic System Design and Manufacturing) sector too, a GOAL of achieving US \$ 400 billion market size by 2020 has been set. Today, most of the top 100 companies in Electronics, ESDM sector are increasingly relying on India becoming a destination for chip design and embedded software.

The Govt. of Karnataka as always, is in the forefront and has envisioned transforming Karnataka State into a global hub for the ESDM activities so as to meet the growing domestic and global demand of the Industry.

Objective: To deliberate and innovate on the issues pertaining to the Electronic System Design and Manufacturing sector and explore opportunities in order to promote and assist the industry, so as to leverage in meeting the needs of the ESDM Sector in the country.

KEY TAKEAWAY :

- Challenges in the ESDM Sector
- R&D opportunities
- Technology awareness
- Start up facilities

Who should attend?

- Faculties (Instrumentation, Electronics, Telecom, CSE, IS & IT) of Engineering colleges in tier 2 city
- Professionals from IT companies
- BE final year, M Tech and Ph.D scholars.
